
Non-Profit Organizations conduct a Dining to Donate event with Applebee's on a Monday, Tuesday or Wednesday—from open until close.

Your organization gets the word-out, promotes it on all platforms and hands out personalized vouchers for your supporters to bring while they dine.

Guests provide their server with the voucher when they dine with us on your event day.

10% of their check (before tax and gratuity) is given back to your organization!

Applebee's provides the venue, customized printable vouchers, social media assets and an online event page. Applebee's also mails the check for the total amount raised to your organization within a month of your event.

Non-Profit Organizations:

Advertise + promote the event with the provided printable vouchers + digital assets
Contact the **restaurant** one (1) week prior to event to confirm & provide restaurant with anticipated turn-out.

General Rules:

- No vouchers are to be handed-out on the Applebee's premises.
- Event supporters must notify their server they are "Dining to Donate".
- Supporters must provide their server with a printed copy of the voucher -or- show the voucher on their cell phone and confirm with their server the check has been counted toward the Dining to Donate total.
- Organizations can NOT solicit guests to participate in the Dining to Donate event.

****If organizations are caught breaking any rules listed above, Applebee's has the right to void the event and no donation will be provided to the organization****

Tips for a Successful Event

- Recruit volunteers to pass out vouchers & flyers in advance of event!
- Have volunteers/supporters share on social media! Have them be INVOLVED!
- Designate a contact person so people interested in supporting your organization may inquire about your event.
- If used, place posters in high traffic areas; be sure to include your organization's contact information.
- Utilize all forms of social media... market, market, MARKET! 😊
